ELECTRIC AND PETROL
UTV AND ATV RANGE

**BE BOLD
AND NEVER
COMPROMISE**

With over 30 years of experience, HiSun Motors has established itself as a global leader in powersport vehicles, providing the industry with innovative products designed to raise the bar. Engineered to perform in the most extreme conditions, HiSun UTVs and ATVs are proven to get the job done time and time again. All vehicles in our range can be registered for road use with no further additions.

#GoElectric

The UK government is making a big push towards electric vehicles with a plan to dramatically reduce greenhouse gas emissions to reach a target of net-zero by 2050.

HiSun has made it easy to #GoElectric now with the introduction of electric UTVs designed to work just as hard, if not harder, than traditional fuel-powered machines.

No Compromise on Power

The latest HiSun lithium-ion-powered models provide all the power you need for use in challenging off-road situations. The 7.5 kW and top of the range 15 kW UTVs have the power and speed to climb steep slopes and carry heavy loads.

Zero Emissions

All HiSun electric UTVs are free from harmful carbon emissions which supports the great shift to a virtually zero-carbon economy. Reducing carbon emissions is the way forward in the drive to tackle climate change and reduce global warming.

Economical to Run

Choosing electric power offers huge savings in fuel costs with an overnight charge costing around £1.* There is also the bonus of no road tax as electric UTVs can be used on the road as well as off-road.

Less Maintenance

With no engine and fewer parts to service, electric UTVs are usually cheaper to service and maintain. The battery, motor and electronics require little or no attention resulting in a minimal amount of regular maintenance.

Quiet Operation

The quiet electric motor is a key attribute making it ideal for driving near animals or in areas where noise needs to be kept to a minimum.

*Figures quoted are intended as a guide only. Cost/mileage would be dependent on usage and conditions.

HISUN SECTOR 15KW LITHIUM-ION

Optional fully enclosed cab

Independent dual A-arm suspension front and rear

3,500 lb front mounted winch

Tip-out windshield for optimum air flow

LITHIUM-ION

Quietly bringing electric intelligence to the off-road world

The top of the range Sector 15 kW is a real everyday workhorse with more power and torque to tackle the most challenging of terrains. With the ability to climb steep slopes, the Sector 15 kW easily handles 45-degree inclines in forward and reverse. Lithium-ion technology batteries are designed for longer run times and a single charge will keep this UTV working for a full day. Charging the lithium-ion battery can be done overnight and with no battery change within 5 years they offer longer battery life.

Key Features

Run time on a single charge – over 50 miles

72 volt, 50 hp with over 124 ft. lbs of torque

Maintenance-free lithium-ion battery technology

3,500lbs front mounted winch

2-year manufacturers warranty

Colour - Green

Top speed 60 kph / 38 mph

Accessories

- Tip out windscreen
- Cabin
- Cabin tip out screen
- Half cab tip out screen
- Windscreen including wash / wiper
- Rear panel
- Wiper set
- Washer set

UTV LITHIUM-ION RANGE

HISUN SECTOR 15KW LITHIUM-ION 4-SEATER

Room for up to 4 passengers

Independent dual A-arm suspension front and rear

227 kg / 500 lbs cargo capacity

Full glass windshield with wash / wiper

LITHIUM-ION

Ultimate versatility

The 4-seater version of the 15 kW lithium-ion powered UTV can transport four passengers, carry equipment and tow heavy loads with ease. With enough power and torque to climb slopes of up to 45 degrees, this machine will take you wherever you want to go. The versatility of this vehicle makes it ideal for agricultural use, local authorities, utilities, large estates, conservationists and sport and recreation.

Key Features

Run time on a single charge – over 50 miles

72 volt, 50 hp with over 124 ft. lbs of torque

Maintenance-free lithium-ion battery technology

3,500lbs front mounted winch

2-year manufacturers warranty

Colour - Green

Top speed 60 kph / 38 mph

Accessories

- Windscreen including wash / wiper
- Rear panel
- Wiper set
- Washer set

UTV LITHIUM-ION RANGE

HISUN SECTOR 7.5KW LITHIUM-ION

Overnight charge. 50 mile range

Hydraulic disc brakes front and rear

Rear 2WD or 4WD

3,500 lbs front mounted winch

LITHIUM-ION

Precision-tuned to be whisper quiet

Like its 15 kW bigger brother, the Sector 7.5 kW is the ideal vehicle for reliable, everyday use with the versatility to tackle a multitude of tasks whatever the weather. The open cargo bed will carry up to 280kg / 617 lbs ideal for carrying everything from logs, bales of hay, tools, small pieces of machinery and equipment. A complete days work with just a single charge.

Key Features

Run time on a single charge – over 50 miles

72 volt, 25 hp with over 103 ft. lbs of torque

Maintenance-free lithium-ion battery technology

3,500lbs front mounted winch

2-year manufacturers warranty

Colour - Green

Accessories

- Tip out windscreen
- Cabin
- Cabin tip out screen
- Half cab tip out screen
- Windscreen including wash / wiper
- Rear panel
- Wiper set
- Washer set

2 piece split windscreen

UTV LITHIUM-ION RANGE

HISUN SECTOR 5KW LITHIUM-ION

2-piece split windshield

Independent dual A-arm suspension front and rear

3,500 lb front mounted winch

227 kg / 500 lbs cargo capacity

LITHIUM-ION

Engineered to get the job done

The smallest of the lithium-ion powered models, the 5 kW UTV still has all the power and torque to climb slopes over 30 degrees. The longer run times of the lithium-ion batteries will keep this reliable worker going for up to 44 miles on a single charge.

Key Features

Run time on a single charge – over 44 miles

72 volt, 19 hp with over 90 ft. lbs of torque

Maintenance-free lithium-ion battery technology

3,500lbs front mounted winch

2-year manufacturers warranty

Colour - Green

Top speed 45 kph / 30 mph

Accessories

- Cabin
- Windscreen including wash / wiper
- Rear panel
- Wiper set
- Washer set

HISUN VECTOR E1

Aluminium wheels

Fully road legal with side view mirrors and lights

Off-road seat belt restraints

Headlights high and low beam

VECTOR E1

Power and agility, ready for action

A mid-size UTV, the Vector E1 is precision-tuned for a whisper-quiet ride with no compromise on power. Built for stability and performance it features 4-wheel independent nitrogen suspension, 4-wheel drive and 4-wheel disc brakes to keep you in full control. The maintenance-free Discover™ EV Traction Dry Cell battery technology delivers around 45 miles from a single charge.

Key Features

Run time on a single charge over 45 miles

48 volt, 19 hp with over 90 ft. lbs. of torque

Maintenance-free Discover™ EV Traction Dry Cell battery

3,500lbs front mounted winch

2-year manufacturers warranty

Colour - Green

Top speed 40 kph / 25 mph

Accessories

- Cabin
- Windscreen including wash / wiper
- Rear panel
- Wiper set
- Washer set
- Snow plough: 1.2m, 1.52m, 1.83m

HISUN SECTOR 450 AND 550

Hydraulic brakes front and rear

Independent dual A-arm suspension front and rear

Off-road seat belt restraints

3,500 lbs front mounted winch

SECTOR 450/550

Built for hard work

The Sector petrol UTV range offers a mid and full-sized choice of fully featured UTVs. There are two models available, the 454cc and the 546cc both with single cylinder electronic fuel injection engines.

Feature-packed with a roof, windscreen, wing mirrors, winch and aluminium wheels fitted as standard, the Sectors are fully equipped for everyday use. The Dual A-arm nitrogen assisted shock absorbers provide a smooth, comfortable ride.

Key Features

Electronic Fuel Injection (EFI)

Selectable 2 and 4-wheel drive

3,500 lb front mounted winch

Colour - Green

Top speed 40 kph / 25 mph

Accessories

- Tip out windscreen (550 only)
- Cabin
- Cabin tip out screen (550 only)
- Half cab tip out screen (550 only)
- Windscreen including wash / wiper
- Rear panel
- Wiper set
- Washer set
- Snow plough: 1.2m, 1.52m, 1.83m

ATV PETROL RANGE

HISUN TACTIC 550

Alloy wheels

Independent dual A-arm suspension front and rear

35 kg / 77 lbs rear cargo rack

2,500 lbs front mounted winch

TACTIC 550

Built for adventure

The Tactic 550 is a full-size ATV providing a great all-terrain driving experience. Equipped with a 4-stroke OHC single-cylinder EFI engine and 4-wheel drive it has all the power to tackle the toughest of trails. Class-leading suspension and adjustable nitrogen assisted shock absorbers make for a smooth, comfortable ride. Share the adventure with a friend with the integrated passenger seat.

Key Features

Liquid-cooled EFI engine

Mirrors

Selectable 2 and 4-wheel drive

Front and rear cargo racks

Hydraulic brakes

2-up versatility to carry a passenger

2,500lbs front mounted winch

Colour - Green

Top speed 65 kph / 40 mph

It is recommended that an industry recognised safety helmet is worn at all times when riding on an ATV.

HISUN FORGE 500

Alloy wheels

Independent dual A-arm suspension front and rear

12V output socket

35 kg / 77 lbs rear cargo rack

Built for comfort

The mid-size Forge 500 ATV is equipped to take on any terrain thanks to its excellent stability and handling. Powered by a 471 cc single-cylinder EFI engine, the automatic CVT clutch and dual A-arm front suspension make for an all-around smooth ride. There is also space for two with an integrated passenger seat.

HISUN UTV ACCESSORIES

However you use your HiSun UTV there are customised options to suit your needs. A DFK cab kit is available for all UTVs or as separate components depending on the model. For more information on HiSun Accessories, contact your Authorised HiSun dealer.

DFK fully enclosed cab kit includes glass windscreen with wash/wipe, rear screen, metal roof, lockable doors

HiSun UTVs are true multi-functional vehicles. Featuring a winch, tow hitch and cargo bed they have the versatility to recover, carry equipment and tow powered machinery.

WILLOW GROVE FARM, LAKENHEATH, SUFFOLK

A family-owned farm purchased in 2021, Willow Grove offers grazing for resting racehorses, grazing of sheep and cutting for hay. In response to a growing demand for staycations, they introduced a glamping sanctuary. They purchased a HiSun Vector E1 to help with numerous tasks around the farm.

“Electric Trev is how our HiSun is better known on the farm. He has become an integral part of the team. He is used for everything from feeding horses and changing their rugs to moving the goats. The mud hasn’t posed a challenge and the animals have become as fond of him as we all have. It’s so easy to just charge and go and quiet to have around the animals and campers alike,” explained Michelle Hugo, Willow Grove Farm.

GOOD RUNNING EVENTS LTD

Organised by Good Running Events Ltd, Run Sandringham is a major annual charity event series in East Anglia that includes a Half Marathon, 5K or Community Mile with a start and finish within the grounds of the Royal Sandringham Estate. The organisers hired two HiSun Vector E1s from HiSun authorised dealer Electric Wheels for the 2021 events.

“We loved having the HiSun electric 4x4 vehicles at our events in 2021,” explained Aaron Murrell, Director, Good Running Events Ltd. “They were a fantastic addition to ensure all our event logistics ran as smoothly as possible. We are hoping to be in a position to purchase a machine later this year.”

WESSEX FIRE & RESCUE SERVICE, ASHMORE, SALISBURY

For the past 30 years, Wessex Fire & Rescue Service has been at the forefront of fire safety and awareness operating at events and supporting companies around the UK with their fire safety needs. Before the pandemic, they bought a HiSun Vector E1 which has been customised for use as a first response vehicle for large scale events.

Keith Allgood, Fire Officer for Wessex Fire & Rescue Service explained why they chose to invest in an electric UTV, "We considered if an electric vehicle would suit our needs in terms of carrying equipment including fire extinguishers, beaters, water rescue gear and first aid kits whilst providing sufficient green power to get around on-site during event days. We work closely with the Shambala Music Festival organisers satisfying their requirement for an effective, environmentally-friendly fire response vehicle. With just one overnight charge the HiSun ran for the four-day duration of the show. The vehicle was ideal for navigating through crowds and congested difficult to access areas on-site. We definitely made the right decision to go electric!"

BARRUS

DISTRIBUTORS OF THE HISUN BRAND

BARRUS – THE POWER BEHIND THE BRANDS

Barrus operates across the four diverse market sectors of Marine, Garden, Industrial and Vehicle and is one of the UK's leading importers and distributors of engines, engine-powered equipment, garden tools and accessories.

Since its introduction to the UK by Barrus in 2018, the HiSun brand of UTVs and ATVs has gained considerable momentum, with the electric UTVs proving popular in this growing sector of the market.

Barrus has expanded its engineering and production facilities with the introduction of a brand new UTV and ATV assembly centre at their head office in Bicester, Oxfordshire.

On completion, the vehicles are delivered to the dealer ready for final checks before registering and handing over to the customer. This facility provides the very best service to HiSun dealers enabling them to offer the same to UTV and ATV owners.

BARRUS

EQUIPMENT FOR THE PROFESSIONAL

GROUNDS CARE EQUIPMENT FOR THE PROFESSIONALS

If you have large areas of land that you need to professionally maintain then Barrus' Commercial Grounds Care Division has a portfolio of leading brands offering high-performance, durability and reliability in operation. Find out more at www.barrus.co.uk
